BILL 804 OPPOSED

The Mattapoissett Board of Selectmen have requested that Senator John F. Aylmer take whatever action is necessary to oppose Bill 804. In a letter dated February 15, 1973, Senator Aylmer advised the Selectmen of the measure. He stated in part: "S.804 serves, in effect, to extend the public right to all of the Massachusetts coastline. The Colony Ordinance of 1641-47 already provides public rights to 'fish-

Congratulations to The Bulldog Basketball Team

A season of outstanding teamwork and spirited individual effort has brought to Old Rochester Regional High School the championship of Division IV, Southeastern Massachusetts Conference. The conference record is an enviable 10 wins, no losses. For the first time in the history of the school, the team has qualified for the Tech Tourney.

To all who played, coached, managed, or cheered, congratulations and best wishes from Little Bay.

ing and fowling' between the high and low water marks. This bill (S.804) would allow public access up to the 'line of vegetation'. The bill fails, however, to define the 'line of vegetation' which is very flexible in different Massachusetts coastal areas. The bill also does not provide for any damage compensation to the owners of private property along the coast.

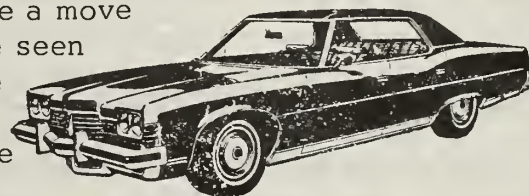

"This office feels that this bill may extend free public access to both public and private beaches too far. S.804 provides for no enforcement of violations of the 'right-of-passage' clause leaving that responsibility up to 'common law or other remedies or rights of those persons affected.'

"We are also concerned that this legislation may be the first step towards more extensive bills for the rights of the free public access to all the beaches of the Commonwealth without usage limitations."

VETERAN CHANGE OPPOSED

The Mattapoisett Board of Selectmen sent a letter to Senator John F. Aylmer asking him to do whatever he can to prevent the Department of Veterans' Benefits from being put under the Department of Public Welfare. The Selectmen feel that it would be a major injury and disservice to veterans to place them on welfare status. They feel, further, that "our veterans should receive the special attention and every benefit that they are entitled to without the stigma of being a welfare recipient".

Carriage Shed Restoration

Long a part of the scene in the center of the village of Mattapoisett, the Carriage Shed is a unique link with the past that has bowed to the weight of age. A suggestion to tear down the building has met a spontaneous and strong reaction from those interested in the preservation of historically valuable structures. Now the following steps have been taken by these volunteers:

An effort by a committee of Mattapoisett residents to restore the historic carriage shed at the Congregational Church has met with initial success, growing interest on

SUMMER HOMES

Now is a good time to start looking for that summer home in Mattapoisett. Here are 2 to consider. The first with a large front porch has an excellent view of the water, 2 bedrooms and is selling for only \$15,000. The other is ideal for both summer and winter use and is quite handy to the town beach and boating facilities. This home has 3 bedrooms, fireplace and garage. \$29,500.

Randy Smith

REALTOR

758-3875

The committee has undertaken the task to restore the shed because it believes the historical heritage of the town and its charm depends on the preservation of its colonial structures. The shed was built before 1850.

Corey and youths in his high school distributive education class (the red bus boys) will start the project once enough money for materials is obtained but volunteer help will be needed to carry on the project to completion, Jenney said.

Donations of any amount would be appreciated and should be sent to Mrs. Helen Hirons, committee treasurer, Congregational Church, Mattapoisett. Checks should be made out to the Carriage Shed Fund.

Those wishing to donate labor and/or materials should contact Win Jenney.

Taxpayers and Voters I ask your support.

- Are you ready to increase your tax burden with town sewer at this time?
- I am definitely not for town sewer at this time. The already overburdened taxpayer could hardly survive with the new schools that are anticipated.
- There are areas of Mattapoisett that should have town water before any major sewer project is undertaken.
- Being a member of the Water Pollution Abatement Committee since its inception, I will be bringing valuable knowledge to the Board of Health.
- I would like to institute on site inspections of building lots before accepting septic designs for any designated areas.
- A more thorough percolation test should be instituted for problem areas.
- I have over 13 years practical experience in the proper installation of septic systems.
- Being self employed, I will be available often to deal with problems.
- I would see to it that all available medical programs are secured for the townspeople, mainly our senior citizens whom we should never forget.
- Property Owner - Taxpayer - Concerned.
- I am not sponsored by any special interest group or groups in any way.

World Day of Prayer

Friday, March 2nd, is truly ecumenical as well as international. It is the most widely observed celebration sponsored by Church Women United - the movement through which Protestant, Roman Catholic, and Orthodox women manifest their unity through fellow-

ship, study and cooperative action.

The small group of women who first initiated World Day of Prayer in 1887 firmly believed that the mission work for which they were responsible needed their support in prayer as much as in giving. This small group was praying for the world - today the movement has become international and Christians are praying with other Christians throughout the whole world.

World Day of Prayer observances are planned by an international committee, with liaison officers from each national committee. The worship services are prepared each year by women from different parts of the world. The 1973 service was written by women of New Zealand, and is adapted by each country for its own use. The women of New Zealand explain the theme "Alert in our Time" through their expression of these concerns. "Because of our isolation, there has always been something of a time-lag between us and the more populous countries. This has given us time to prepare for social changes but it also means that we tend to be onlookers of the world scene, rather than participants. Our

Dear Mattapoisett Resident:

March 6, 1973, you will once again have the opportunity to exercise your right to vote in our town elections.

In addition to the other interesting contests for town offices, you will also choose a "Wharf Commissioner" for the next year.

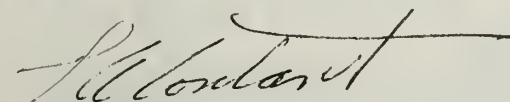

I solicit your vote and support for that position.

I feel that I have the necessary qualifications and energy to be a vigorous wharfinger. I have been a resident for seven years and a boat owner for 27 years. I'm a licensed commercial fisherman and own and operate my own business. I am a veteran and currently am serving as crew chief on a Coast Guard Reserve rescue boat.

My immediate programs would include: An open and public listing of all current space owners and waiting list; controlled and regulated motor vehicle parking in and on dock area; better enforcement of motor boat speed laws within mooring areas; establishment of a communications network between harbor master boat and town control center; and a real concern for all boat owners and others who enjoy our waterfront.

If you have any questions regarding me or my candidacy, or suggestions or complaints regarding our facilities, I wish you would call or visit me at the above address.

Thank you for your consideration.

small population of under three million in a country roughly the size of England, our high standard of living, abundant food and temperate climate - all these are a temptation to us to live complacently and to watch the outside world go by on our television screens. However, Christians and thinking New Zealanders are greatly concerned with the world problems of hunger, pollution of the environment, fear of nuclear war, economic and social needs both here and abroad."

The Christian belief that faith should not be separated from action is carried out by the intention of women to be aware of the crucial needs in the world and to be agents of God's reconciling love in those areas. In 1972-73 Church Women United in the United States will translate their prayers into action through three areas of concern; health services, seeking ways of cooperation with professionals to deliver adequate health care to all persons; creating new life lines for inter-action with the rapidly growing community of Asian Americans in our country; becoming alert to world trade problems.

Around the world World Day of Prayer offer-

ings will be used to support programs of the Intercontinental Mission - the process by which Church Women United participates in a ministry to people all over the world. The funds are used for new projects to broaden understanding of American Indians to offer them training in significant skills; the completion of a five-year project to publish 100 new books for children in five languages; a new program in the Caribbean to secure jobs, to broaden their knowledge of nutrition, and to improve their skills in their native crafts; fellowship and services for international students and guests in the United States and a ministry for Americans working abroad; opening child care centers in a number of cities and towns throughout Mississippi; Agricultural Missions, Inc. which is setting up an international rural network to further community development and respond to the problems of hunger and rural poverty in six or eight countries overseas; and many more!

The following suggestions are prepared for your thought, discussion and prayers in these days leading up to the world wide celebration on March 2nd. 1. What does the theme mean

HE'S BEEN A LOT CLOSER TO THE TOWN BILL HUBBARD FOR SELECTMAN

We've done a lot of thinking, too. And feeling. Call it what you want, but we know Bill Hubbard is the right choice for selectman.

He's spent his lifetime in the community, working to help it grow.

He has a sincere interest.

He's served on numerous committees, past and present, giving freely of his energies and leadership.

He's knowledgeable.

As our town's building inspector, he knows the problems associated with construction and development.

And he's hard-working.

He understands the town's problems, and has clearly demonstrated his willingness to work for their solution.

There really isn't much more you can ask of a candidate, is there?
That's why we're voting for Bill Hubbard March 6.

Bill Hubbard's our man. He's proved himself over and over again.

A life-long resident, Bill Hubbard has worked long and hard to make Mattapoisett a community we can all be proud of.

On numerous committees --- zoning, school building, school needs, sports and athletic, building code.

And he's made it his business to understand the town's problems.

We think he's sincerely interested in people and their concerns as citizens and taxpayers in a growing community.

We know he wants to serve and serve well.

That's good enough for us.

Wesley N. Bowman, 64 North St., Mattapoisett.

to you, where you live? Are you Alive? Aware? Awake? Watching? Listening? Attentive to warning signals? 2. What do you consider most urgent community concerns? Make them the subject of prayer. 3. How do you really feel about prayer? A way of resolving problems? A crutch to be used as a last resort? Only for the elderly? An option? A necessity? 4. Are God's promises concerning prayer, referred to in the Bible, still reliable? 5. Are you ready to make your community concerns the target of action? Are others in our community working on the same problems? Discuss the Christian approach.

Let us all come together on Friday, March 2nd, at St. Rita's Church, Marion, your host church and make the service a vital force in our community.

Spaghetti - Last Call

"Don't be left out" signs are up for the "Mama Mia" spaghetti dinner Friday night at Knights of Columbus Hall at 7 P.M., benefiting the scholarship fund of the Mattapoisett Woman's Club. It will be an evening of delicious dining and great dancing

to the music of a fantastic combo called "Atsa ma Band". Mike's Italian Restaurant is catering the dinner during which accordionist Lionel Ponte will stroll among the tables playing requests for the diners. Mrs. William Hall has tickets, and with wine, Woman's Club service and dancing, how can you miss.

Mattapoisett P-TC

The second "Dialogue in Education" sponsored by the Mattapoisett Parent-Teachers' Club will be held on Thursday, March 1st, at 7:30 P.M. at Old Hammondtown School. Attorney Donald Fleming will be the moderator.

If your last name starts with the letter D through G, it is hoped you will be there. Mark your calendar now, and come and find out "What is Happening in Our Schools" and "What Should be Happening in Our Schools".

Any interested townspeople, in addition to parents of school children, are most welcome.

Ransom or What?

Editorial, D.C.J.

Henry Kissinger made several statements about the administration's plan to ship money to Communist North Vietnam during a TV interview with Barbara Walters, that muddy the waters even more than before. Kissinger said that it is for the United States' interest to rebuild the enemy because the North Vietnamese have known nothing but war. He stated that in working with them in peaceful rebuilding we will presumably put them on a different track. Later, in answer to a question, he said that the North Vietnamese are revolutionaries, have been so all their lives and are not likely to change. He said that the United States fully expects them to continue their effort to take over the entire country but hopes that it will be done by peaceful means. He further stated that the United States is not opposed to a Communist North Vietnam taking over the country provided it is done by peaceful political means.

If this makes any sense, in light of the fact that the United States has spent 10 years of effort, a fortune in money and

To The Mattapoissett Electorate:

I am your current representative to the Mattapoissett School Committee. With an approximate 90% attendance record, I feel that I have shown interest, concern, and responsibility.

Because of having some background and experience in education, I also believe that I have been a value to the town and the Committee and I have shed some insight into the educational process of the town.

My total interest in seeking re-election to this worthy position is to continue the best education for the children of Mattapoissett that we can afford.

For these reasons I humbly request your vote for re-election to the Mattapoissett School Committee on March 6, 1973.

Thank you.

thousands of lives in an effort to prevent a takeover of the South Vietnamese by the Communist north, I fail to see it. Either our policy, to date, has been a foolish waste or our future policy, as outlined by Kissinger, will be a foolish waste.

If, on the other hand, the billions in aid to Communist Vietnam is a ransom for our prisoners of war, the American people ought to know it even though our humiliation would then be complete. If not ransom, then what? Is it the view of Dr. Kissinger that we should hand money to other Communist revolutionaries in other sectors of the world in order to change them from warlike conquerors to

peaceful conquerors of non-Communist victims?

On this \$7,000,000,000.00 give away, the American people should make themselves known. They should bury the Congress and the President in letters. One thing is certain, the administration would never dare to put this on a ballot for a popular endorsement by the people who will be taxed to finance it. Propaganda now being aired constantly pushes our "moral obligation" to aid the Communists. Our moral obligation presumably before the cease fire was to bomb hell out of them to aid the South Vietnamese. We did that and, as far as most Americans feel, we stopped the fighting and our moral obligation was paid in full.

Mattapoisett needs a man who has dedicated his life to working with and helping children.

DR. WILLIAM DOWNEY, JR.

is that man. He understands children and is willing to give of his time to serve on our School Committee to ensure all children a high quality education.

Dr. Downey's concerns are with children, not politics. Please consider Dr. Downey when you cast your vote for School Committee member.

As March 2nd dawns in the Fiji Islands the prayer services begin, and as it ends, women on Savoonga Island off the west coast of Alaska are still praying together.

Here in Mattapoisett, women from the Congregational Church, St. Anthony's Church and Friends Meeting are taking part in the service. Among those participating are Mrs. Francis Gordon, Mrs. Frank Martocci, Mrs. Donald Fleming and Mrs. Arthur McLean. The meditation will be given by Mrs. William Campbell.

Please join in for prayer and fellowship. For transportation call 999-2221.

Rochester Paper Drive

The Rev. Edward F. White has announced that the Congregational Pilgrim Fellowship would conduct a paper drive this Saturday, March 3rd. Russell Lawrence is donating his giant trailer truck. Among the pickup drivers will be Scott Chadwick, William Morley, Louis Ouellette and Richard Santos. Youth helpers are requested to be at the Vestry at 8:45 A.M.

People with papers are requested to put a small bundle at the roadside to indicate that they have papers for the collection.
